**The actual required width for Unit A and Unit B units is ¾". The increased width specified above allows for squaring the block to exactly 5½".*

Assembly:

- Referring to BASIC INSTRUCTIONS, make 4 HST units using the Unit F patches.
- On the reverse side of one HST unit, draw a diagonal line from corner to corner opposite the seam. Align with second HST unit right sides together, with contrasting colors facing each other. Sew two seams, each 1/4" away from drawn line. Cut apart on the drawn line and press open. Repeat the process for a total of 4 quarter-square triangle (QST) units. The QST units should measure 1¾" x 1¾" square.
- Sew a light blue Unit E to each side of two QST units. Sew the remaining QST units to each side of green Unit E as shown.
- Join Unit D to the top of the block, and then the bottom.
- Join Unit C to the right side of the block, and then the left.
- Join Unit B to the right side of the block, and then the left.
- Join Unit A to the top of the block and then the bottom. Square up block to measure 5½" x 5½" square.
